

**We want to make  
our city's actions  
and policies more  
understandable/  
clear for citizens.**

**We want to  
facilitate the  
dialogue between  
elected officials  
and citizens.**

We want to  
enlarge the  
diversity and  
number of active/  
engaged citizens.

**We want to rebuild  
trust between  
citizens and the  
city administration.**

**We want to  
increase the  
transparency of  
public decision  
making processes.**

**We want citizens  
to be able to  
decide and/or  
arbitrate on public  
actions/decisions.**

**We want to set up  
a space for debate  
between citizens  
and the public  
authority.**

**We want to collect  
citizens' opinions  
and views on  
public matters or  
actions.**

**We want citizens  
to co-create  
solutions (ideas,  
plans, agendas,  
actions) with us,  
city administration.**

**We want to  
develop a culture  
of participation  
and a sense of  
active citizenship.**

**We want to  
improve the  
relevance and  
efficiency of public  
projects and  
decisions.**

**We want citizens  
to be active in the  
life of their  
neighbourhoods.**

**We want citizens  
to take an active  
part in urban  
planning projects  
and decisions.**

**We want citizens to  
be able to decide  
upon the financial  
investments and  
priorities for the city.**
